

netlife easy system; straightforward in-house project engineering; easy installation; preset functions; simple commissioning via remote control, app, DIP switch, rotary knob, etc.

CHARACTERISTICS

Regiolux Classification	netlife easy	
Control signal	Slave signal	
Communication	Wired	
Sensor technology	PIR - passive infrared	
Installation height (min/max)	5m to 16m	
System compatibility	easy07; easy12	
System extension	easy20	
Application	Industry, Logistics centres, Garages, Corridors	
Function	Motion detection	

MONITORING AREA

Mounting Height	14m	16m
Ø max. sitting[S]	-	-
Ø max. radial[R]	30x19m	30x19m
Ø max. tangential[T]	30x19m	30x19m
