

netlife easy system; straightforward in-house project engineering; easy installation; preset functions; simple commissioning via remote control, app, DIP switch, rotary knob, etc.

CHARACTERISTICS

Regiolux Classification	netlife easy
Control signal	DALI2 (Part 303, 304), Slave signal
Communication	Wired
Sensor technology	PIR - passive infrared
Installation height (min/max)	4m to 14m
System compatibility	easy23, central DALI2 controller
DALI system power	6mA
System extension	netlife easy24
Application	Industry, Logistics centres, Corridors, Garages
Function	Motion detection, Daylight control

MONITORING AREA

Mounting Height	5m	10m	14m
Ø max. sitting[S]	-	-	-
Ø max. radial[R]	11m	14,5m	-
Ø max. tangential[T]	34,5m	28m	20m
