

netlife easy system; straightforward in-house project engineering; easy installation; preset functions; simple commissioning via remote control, app, DIP switch, rotary knob, etc.

CHARACTERISTICS

Regiolux Classification	netlife easy
Control signal	Switch
Number of control gear (max)	200W LED
Communication	Wired
Sensor technology	PIR - passive infrared
Installation height (min/max)	2m to 5m
Note	Adjustment via rotary potentiometer
Application	Office, Meeting rooms, Corridors, Industry, Secondary rooms
Function	Motion detection, presence detection

MONITORING AREA

Mounting Height	2,5m	max.5m
Ø max. sitting[S]	4m	-
Ø max. radial[R]	6m	-
Ø max. tangential[T]	10m	18m
